**Board Notes**

It has been noted that several members are behind in paying their dues. Suggestions have been made to impose a late fee.

Jack is trying to obtain Rotary International matching grant money to offset the costs involved in bringing the student group from Veronica, Argentina.

We are sponsoring an essay contest with three prizes for the three best student interpretations of the Rotary 4-Way Test. Serina has been contacted to see if any Interact students are interested in the essay contest or the RYLA event.
